

Helpful Climate Career Resources!

Created by [Chad Hunter](#) & [Daniel Hill](#)

Welcome!

We've had so many conversations over the last few years about helping professionals pivot to or enter the climate / sustainability sectors, we wanted to consolidate a list of go-to resources that I've found helpful in my own career.

We hope this is helpful! If you have suggestions on items/resources to add, please let us know!

Climate / Sustainability Newsletters

[Bloomberg Green](#) - Daily newsletter with perspectives on recent climate / sustainability news

[Axios Generate](#) - Daily newsletter with a roundup of the top 6 recent climate, energy, technology developments

[Keep Cool](#) - Climate Tech newsletter with subject deep dive blogs, VC compilations, and job listings

[Climate Tech VC](#) - news and in-depth analysis on the climate tech industry

Communities

[OpenDoorClimate](#) - community of climate professionals open to having conversations with someone looking to pursue a career in climate

[Work On Climate](#) - slack community for people wanting to work on climate; expert interviews, office hours, job boards, events

[MCJ](#) - great slack space for climate focused professionals, especially those interest in entrepreneurship (\$10/month)

[Climatebase](#) - climate job and networking platform; climate career accelerator fellowship

[ClimateAction.tech](#) - slack community for tech workers looking to use skills to accelerate climate action

[Climate Draft](#) - platform for those looking to learn and work in climate tech

Jobs

[Sustainable Career Pathways](#) - Trish is awesome and her website has tons of advice, job boards, coaching, and other resources for folks transitioning into climate / sustainability careers. A great go-to resource

[Eds Jobs List](#) - weekly roundup of jobs in the clean energy and sustainability, graciously put out by a former EDF Climate Corps fellow

[The 2-Hour Job Search](#) - great, systematic approach to use to help transition into the climate space, or find any new job/opportunity in general

Podcasts

[MCJ Podcast](#) - conversations with climate leaders across enterprise, non-profits, start-ups, and more

[Degrees Podcast](#) - interviews with climate professionals and green job tips (hosted by [Yesh Pavlik Slenk](#))

Learning

[Terra.do](#) - climate education and solutions bootcamp

[Climate Change Academy](#) - Guided climate change courses designed for all audiences

[AirMiners Boot Up](#) - a free, "book club" style 6-week course to dig into carbon removal technologies, in conjunction with Climate Change Academy

[Project Drawdown](#) - job function action guides to make any job a climate job
